- **Github:** <https://github.com/vinayak-mishra-610>

Education

Abdul Kalam Technical University(BBDITM)	Lucknow, UP
Bachelor of Technology (B.Tech.) – Computer Science & Engineering (Data Science)	2027
St. Joseph Inter College (ISC)	Lucknow, UP
ISC (Class XII) – First Division	2023

Projects

InsightFlow Cloud Analytics | AWS, Python, Flask, SQL

- Developed a cloud-based analytics application using **AWS EC2, S3, RDS, Lambda, IAM, and CloudWatch**.
- Designed & deployed a Flask-based web application to upload and **analyze job-market** datasets.
- Automated data cleaning and visualization pipelines with Python and Pandas, cutting manual processing steps.
- Deployed following AWS security best practices, including IAM roles and least-privilege access.
- Link: <https://github.com/vinayak-mishra-610/InsightFlow-Cloud-Analytics>

Data Jobs Dashboard | Power BI

- Built an interactive Power BI dashboard analysing **478K+ job postings** to identify salary trends, hiring demand, and remote-work opportunities.
- Cleaned, transformed, and modelled job-market data using **Power Query and DAX**.
- Designed KPI cards, interactive visualizations, geographic analysis, and drill-through functionality for detailed job-title analysis.
- Transformed raw job-market data into **business-oriented insights** to support job-market research and hiring-related decisions.
- Link: https://github.com/vinayak-mishra-610/PowerBI_dashboard_1

SQL Data Analysis Project | SQL

- Wrote complex SQL queries using **JOINS, CTEs, Window Functions, and Aggregate Functions**.
- **Analyzed real-world job market** datasets to identify salary and hiring trends.
- Cleaned and validated datasets to ensure accuracy before generating business insights.
- Link: https://github.com/vinayak-mishra-610/SQL_job_analysis_project

Excel Data Analytics Dashboard | Excel

- Cleaned and transformed large datasets using **Power Query**, removing duplicates and standardizing formats.
- Developed **interactive business dashboards** using **Pivot Tables, Charts, and Slicers**.
- Performed KPI analysis and basic forecasting to support business reporting decisions.
- Link: https://github.com/vinayak-mishra-610/excel_data_analysis_projects

Certifications

- Tata – GenAI Powered Data Analytics Job Simulation (Forage)
- Deloitte Australia – Data Analytics Job Simulation (Forage)
- Electronic Arts – Product Management Job Simulation (Forage)
- Siemens Mobility – Project Management Job Simulation (Forage)
- Forage Academy – Data Labeling Job Simulation

Technical Experience

Summer Intern | GRAS tech Education Groups

30-Day Internship (90 Hours) | 2026

- Completed a 90-hour industry-oriented summer internship, **gaining hands-on experience in Python, SQL, cloud computing, and data analytics fundamentals.**
- Applied data cleaning, analysis, and visualization techniques to hands-on assignments.
- Independently built **InsightFlow** — a cloud analytics app using AWS, Flask, and Pandas — Leveraged the technical skills acquired during the internship.

Forage Virtual Job Simulations | Oct 2025 – Jul 2026

- Completed simulations across **Data Analytics, Product Management, and Technology Consulting** (Deloitte Australia, Tata, Electronic Arts, Siemens Mobility), applying SQL, Excel, and data interpretation to realistic business scenarios.
- Practiced **KPI analysis, stakeholder communication, and data-driven decision-making** across each simulation.

Skills & Interests

- Technical: **SQL, Microsoft Excel, Power BI, Python, AWS Cloud** (EC2, S3, RDS, IAM, Lambda, CloudWatch, API Gateway), **MySQL, Pandas, NumPy, Flask, Git & GitHub, Microsoft Word, Microsoft PowerPoint**
 - Language: **English** (Professional Proficiency), **Hindi** (Native Proficiency), **Japanese** (Elementary Proficiency – JLPT N5, preparing for N4)
 - Laboratory: **Data Cleaning & Preprocessing, Exploratory Data Analysis (EDA), Data Visualization, Dashboard Development, Business Intelligence Reporting, Statistical Analysis, Cloud Deployment (AWS)**
 - Interests: **Data Analytics, Business Intelligence, Cloud Computing, Artificial Intelligence, Japanese Language & Culture, Traveling, Music, Learning Emerging Technologies**
-
